

2009 Release Areas Western Otway Basin, South Australia

For convenience, geographical coordinates shown on this map are expressed in terms of the Geocentric Datum of Australia 1994 (GDA94). Permit areas are defined by the 5 minute graticular block system set out under Section 16 of the Offshore Petroleum and Greenhouse Gas Storage Act 2006; under Sections 20, 21 and 21A of the Act, the position of those blocks is determined by reference to the Australian Geodetic Datum (AGD66).
